

Bladder Cancer Webinar

Thursday 8 December

Venue and Time:

18.30-19.45, via ON24 (online platform)

Suitable for:

Colleagues across all care setting and professionalisms who care for people diagnosed with bladder cancer

Info about event:

This webinar will take a broad look at the bladder cancer pathway, from presentation through to treatment options. We will take into account the patient perspective alongside the importance of the CNS in caring for, and supporting, patients and their families.
