

Gynaecology Education Event

22 June 2023

Venue and Time:

The Midland Hotel, Manchester, M60 2DS (9.00-15.30)

Suitable for:

All health care professionals involved in Gynaecology across Greater Manchester and the North West

Info about event:

This event brings a multidisciplinary of colleagues, from across the system together to network and hear about the ongoing developments via the GM Cancer Gynaecology Pathway Board. The event includes a review of health inequalities, performance, exciting advances in molecular pathology and updates on research.

Thank you to our sponsors. They have had no input into the agenda
