**All offers are driven by workforce need**

# Academy Accountability: deliverables within the Workforce and Education Strategy

## Workforce Integration

Expand the Cancer Academy skills lab programme to support staff working across different sectors to support cancer patients including Social Care, and Mental Health professionals

Support the provision of integrated education available to all sectors through the Education Collaborative including the development of bespoke early diagnosis development packages for all health and care staff

Promote the use / integration of the various digital solutions currently on offer to enable the cancer workforce to move around the system: Cancer Academy ePortfolio

Promote the use / integration of the various digital solutions currently on offer to enable the cancer workforce to move around the system: Primary Care & Social Care Passports

## Workforce Wellbeing

Ensure equity in access to education through the GM Cancer Academy

Promote a lifelong learning culture through The GM Cancer Academy and Education Collaborative by influencing the system to ensure all health and care staff have protected time for education and training

## Reducing Inequalities

Ensure equity in access to education through the GM Cancer Academy

Promote a lifelong learning culture through The GM Cancer Academy and Education Collaborative by influencing the system to ensure all health and care staff have protected time for education and training

## Growing and Developing

Optimise use of the apprenticeship levy to support routes into the cancer workforce

Pilot pathways for cancer volunteers / carers interested in a career in cancer, supported by a training package (Potential for GM Access)

Expand the GM Cancer Academy - the cancer education hub – to ensure it acts as a single point of access for all cancer education

Establish a Cancer Academy Faculty of subject matter experts to support the development and delivery of education

Support the delivery and sustainability of the Allies in Cancer Care AHP Cancer Training Programme and link this to the ACCEND Programme

Support workforce digitisation including access to online education and development

Ensure equity in access to genomics education for the cancer workforce via the cancer academy

Support the wider rollout of Prehab and rehab through the cancer academy

Conduct a needs analysis to understand training needs of our senior leaders and future leaders

Explore a leadership development package to support Pathway Board members in their system role

Create development packages for the non-clinical workforce
