

Genomics Education Event

Monday 9th October 2023

Venue and Time: 08.45 – 16.00, Hyatt Regency Manchester, 55 Booth Street West, M15 6PQ

Suitable for:

All healthcare professionals looking to better understand how genomic testing fits into their practice and how to communicate genomic testing with patients. This event is also aimed at patient and carer representatives from within GM Cancer.

Event Information:

Come along to learn about genomics and the work being done to embed testing into oncology pathways in Greater Manchester. The day will feature educational workshops and a discussion panel with patient and carer representatives as well as healthcare professionals.
