

# Lunch and Learn Webinars: Upskilling our cancer workforce

## Aims

Introduced in early 2023 via Teams to:

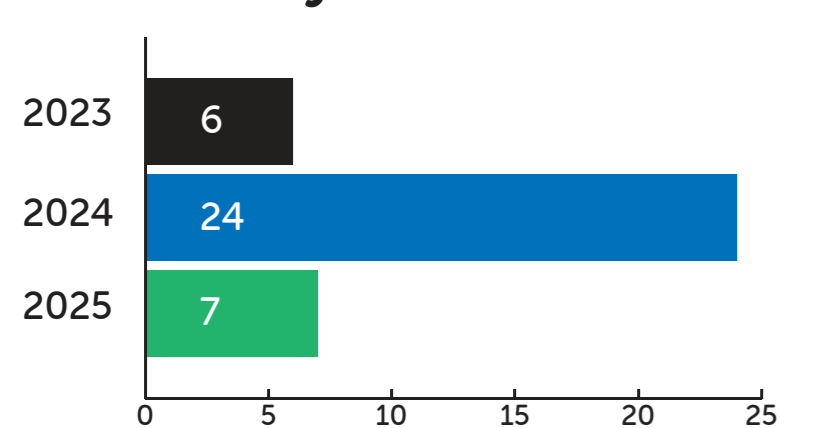

- Upskill our cancer workforce in primary and secondary care.
- Fulfil knowledge gaps.
- Support the implementation of the Aspirant Cancer Career & Education Development Programme (ACCEND).
- Help clinical and non-clinical colleagues access learning more conveniently and easily.

## Development

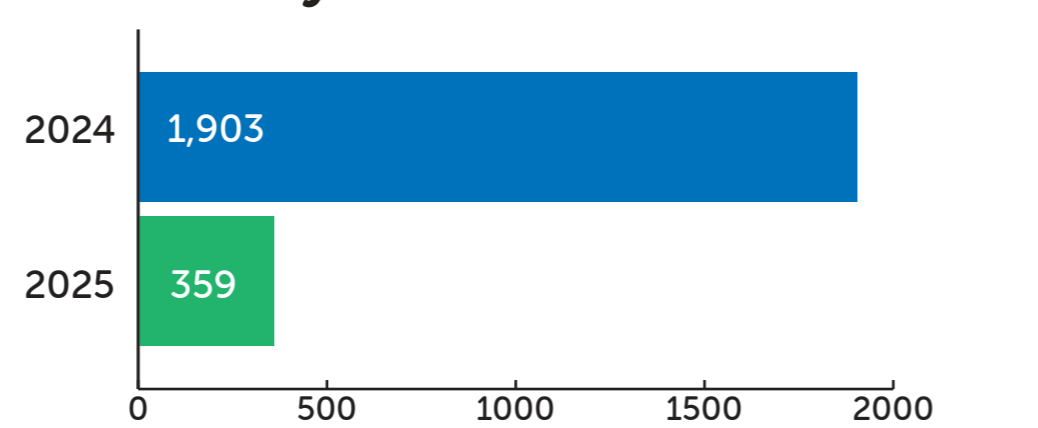

Due to high attendance and positive feedback, the webinars have evolved.

- Expanded to include requested topics, not necessarily directly related to the workplan.
- Delivered by subject matter experts.
- High satisfaction with content, value and delivery.
- Supports professional development.
- Positive impact on future practice.
- Fosters collaboration and networking.
- Helps identify training and development needs.
- Attracts staff from the North East and North Cumbria and beyond.
- Recordings hosted on NCA website.

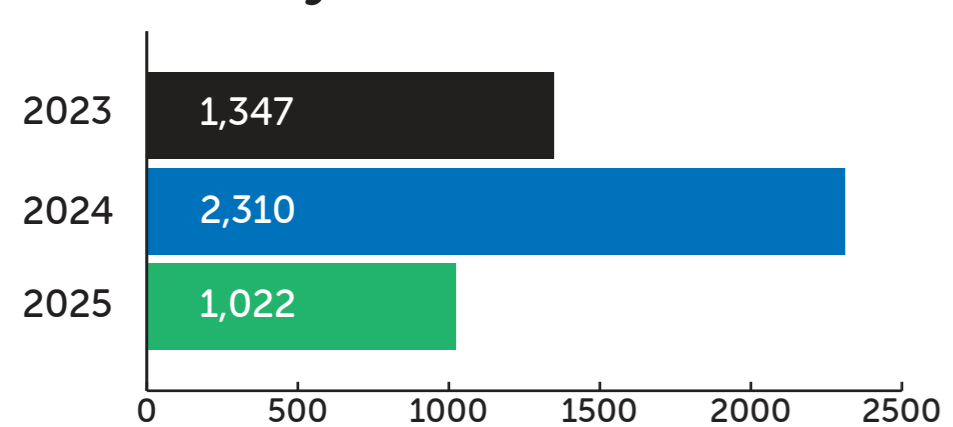

How many have been held?

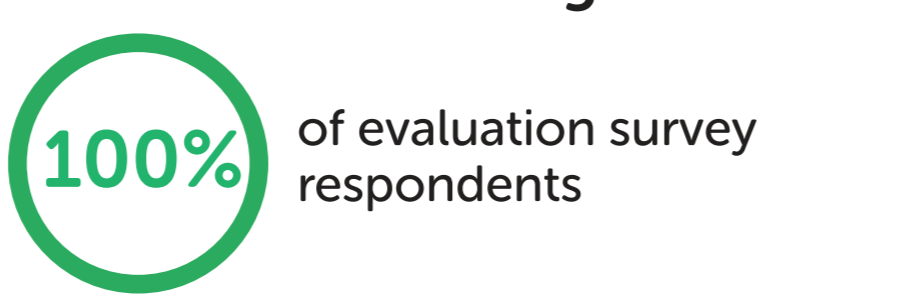

How many views have there been?

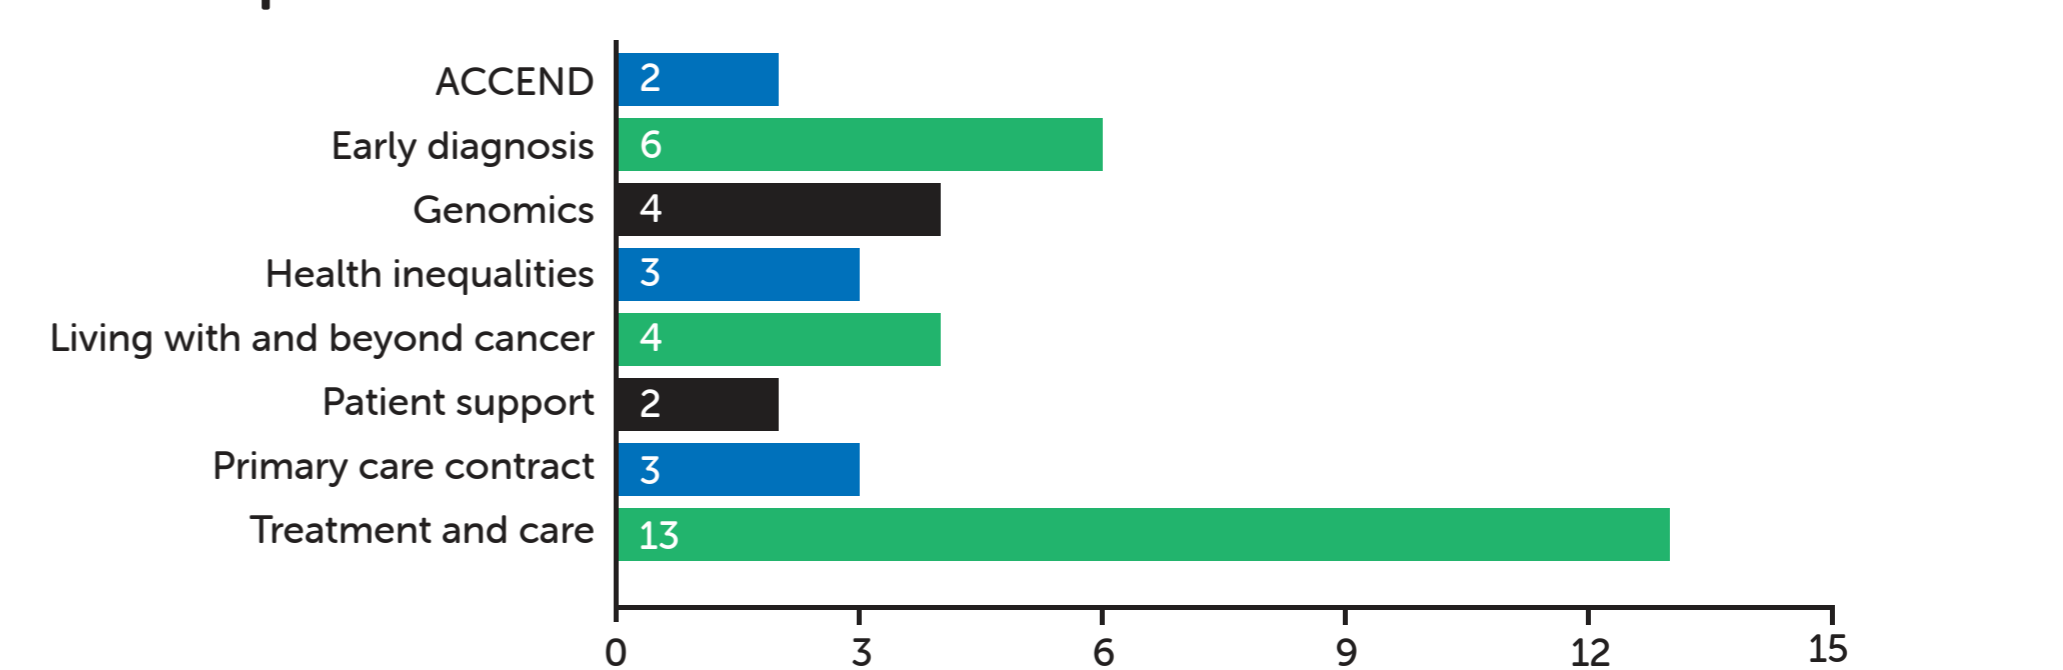

How many staff have attended?

What proportion of attendees would recommend the webinars to colleagues?

What topics have been covered?

## What have attendees said?

"Excellent, interesting and very informative, particularly as was linked with real life experiences."

"I look forward to more webinars from NCA."

"Great webinar, watched the recording and found it helpful to stop and go back to rewatch some bits."

"Very interesting talk. Lots to learn."

"Really excellent presentation. Pitched at a good level."

"Fantastic webinar - great use of case studies."

"Well-presented, allows me to extend my reading around the subject through the links provided."

"Very informative and engaging at just the right length."
